**POSITION PURPOSE**
Under the direction and supervision of the Information Technology Manager, the Web Applications Developer performs a variety of functions related to the daily IT Services, including, but not limited to, developing web applications, debugging and troubleshooting application programs, and collaborating with the team members.

**ASSOCIATED STUDENTS**
Associated Students’ (A.S.) mission is to support and represent the students of San José State University by continuing the organization's legacy of student advocacy and leadership; to enhance SJSU students’ education through high quality programs and services; and to prepare students as they move towards a thoughtful and purposeful life after graduation.

A.S. is a non-profit auxiliary corporation serving the students of San Jose State University whose primary source of funding is from mandatory student body fees. A.S. Departments include the Cesar Chavez Community Action Center, Child Development Center, General Services Center, Human Resources, Information Technology, Events, Marketing, Print & Technology Center, Student Government, and Transportation Solutions.

**EDUCATION / EXPERIENCE**
- Must be a current SJSU student enrolled in the Master’s program in Computer Science / Engineering, or a related field, with at least 1 year left to graduation.
- Must have web programming experience using the technologies listed under the required skills section. Be prepared to provide sample work, if available.
- Technical certification in JAVA or related technologies is highly desirable. Incumbent candidates may be required to acquire certification within three months of employment.

**AVAILABILITY**
- Must be available to work at least 3 days, Monday-Friday, and 12 hours minimum each week
- Student employees may work up to 20 hours per week & 25 hours for summer

**ESSENTIAL DUTIES AND RESPONSIBILITIES:**
- Development and proper documentation of web application as assigned and directed with each project assignment using the technologies listed below.
- Troubleshoot, debug, and enhance the stability, feature set, and UI for new or an existing software application
- Research and find new methods, applications or programming strategies for improving performance, reliability and UI for software applications
- Perform Web editing or updates on as need basis
- Train and educate other team members / staff members on as need basis
- Coordinate and support PTC operations and customer service needs as and when directed
- Coordinate and support with IT support related needs as and when directed
- Help and coordinate with certain non-programming / non-IT related support or assistance as directed

**KNOWLEDGE, SKILLS, ABILITIES AND OUTCOMES:**
To perform this job successfully, this individual must be able to perform each essential duty and responsibility satisfactorily. Additionally, must maintain professionalism, integrity, consistency and reliability at all times.
• Requires excellent time and project management skills
• Requires excellent verbal and written communication skills
• Ability to work effectively and efficiently in a diverse University environment
• Ability to lift a minimum of 40 lbs.

Required Skills:
• Advanced Java (J2EE: JSP, Servlet, JUNIT, Swing, Hibernate)
• PHP
• MySQL/SQL/Oracle
• AJAX / Javascript
• HTML, CSS, XML

Preferred Skills:
• Perl / Python / XMLBeans / SOAP / UML / Tcl/Tk / ANT

GUIDELINES
This position is non-exempt from the provisions of Section 1 of the California Industrial Welfare Commission Orders.

This position has been identified as a mandated reporter required to report the observed or suspected abuse or neglect of children, dependent adults, or elders to designated law enforcement or social service agencies. We reserve the right to make employment contingent upon completion of signed statements acknowledging the responsibilities of a mandated reporter.

This position may be exposed to sensitive or personal information and is required to comply with the requirements set forth by the Integrated CSU Administrative Manual 8000 series and Associated Students Information Security Standards as a condition of employment.

A background check (including a criminal records check) must be completed satisfactorily before any candidate can be offered a position within Associated Students. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current Associated Students employees who apply for the position.

Associated Students is an equal opportunity employer and will consider all qualified applicants without any regard to race, color, national origin, ancestry, religion, creed, age, disability, medical condition, sex, sexual orientation, gender identity, genetic information, marital status, military and veteran status or any other basis protected by federal, state, or local laws. If you are an individual with a disability and require a reasonable accommodation to complete any part of the application process and/or need an alternative method of applying, please email as-hr@sisu.edu. Associated Students hires only individuals lawfully authorized to work in the United States (Public Law 99-603).

APPLICATIONS
Applicants must submit a complete application through the Associated Students applicant tracking system, ADP. Only complete applications will be considered.

DEADLINE
The position will remain open until filled.
